

QUESTION
<p>Cost of living pressures</p> <p>1. What action is being taken by the Minister to ease the cost of living pressure on young people?</p>
<p><b>ANSWER:</b></p> <p>The Creative Kids program is designed to make it easier for school-aged children and young people to get involved in creative and cultural activities. Parents, guardians and carers can claim a \$100 voucher per year to put towards the cost of creative and cultural programs with registered Creative Kids Providers. There are a range of Providers participating in the program, including artists, cultural practitioners, arts, screen, cultural and creative organisations across NSW. This program creates opportunities for Providers to reach new audiences and grow business.</p> <p>Furthermore, people from all parts of NSW are encouraged to take advantage of free general admission to cultural institutions across NSW. This includes free entry to Sydney Living Museums and the Australian Museum, as announced as part of the NSW Government budget for 2022/23. This complements the existing free general admission available at the Art Gallery of NSW, Powerhouse Museum and the State Library of NSW.</p> <p>The Office for Regional Youth (ORY) consulted with almost 2,000 young people across all nine regions of NSW in 2022. These consultations included discussions around cost-of-living pressures. This consultation informed the Regional Youth Insights which is available on the NSW government website at: <a href="http://www.nsw.gov.au/regional-nsw/regional-youth/regional-youth-insights">www.nsw.gov.au/regional-nsw/regional-youth/regional-youth-insights</a>. The highlighted priorities will guide funding decisions as well as policy and program priorities for ORY.</p> <p>The 'Our Region, Our Voice' Regional Youth Investment Program is a \$40 million program that will fund programs and infrastructure upgrades that address the priorities identified by regional young people in the Regional Youth Insights Report. Initiatives that relieve cost of living pressures for regional young people around the nine investment themes of education, skills, health (including mental health), inclusivity, digital connectivity, transport connectivity, belonging, agency and housing by providing free services are able to be funded.</p> <p>The ORY's Holiday Break program eases cost-of-living pressures by providing free and subsidised social and recreational programs for young people across regional NSW.</p>

QUESTION
<p>Youth housing and homelessness</p> <p>2. PropTrack's November 2021 Regional Australia Report found that when it comes to the increase in housing values and growth in buyer demand, the regions have outperformed metropolitan areas. The Real Estate Institute of NSW's data indicates that NSW regional rental vacancies rates varied between 0.5 and 2.2 percent in July 2022. Has the Office for Regional Youth briefed you on the content of the reports?</p> <p>(a) Which stakeholders have you met to discuss government actions to improve housing affordability and to reduce homelessness for regional youth?</p> <p>(b) Which of your ministerial colleagues have you written to or met formally to discuss</p>

government actions to improve housing affordability and to reduce homelessness for regional youth?

(c) Have you written to the Commonwealth to advocate and discuss government actions to improve housing affordability and to reduce homelessness for regional youth?

i. If not, why not?

**ANSWER:**

The Office for Regional Youth has provided the Minister for Regional Youth with briefings and advice on housing affordability and ways to reduce homelessness. These have informed the development of the 500 Nights pilot project with the Department of Communities and Justice, which will fund 500 nights accommodation to vulnerable young people requiring residential detox accommodation or at risk of homelessness or short-term remand.

(a) I have fortnightly meetings with The Office for Regional Youth (ORY) that advises me on issues faced by regional young people, including issues surrounding housing. The Office for Regional Youth (ORY) has consulted with stakeholders from *Aboriginal Affairs, Advocate for Children and Young People, Department of Communities and Justice, Customer Service, Office of Sport, Education, Training Services NSW, NSW Health, NSW Police Force, Transport NSW, Create NSW, Department of Premier and Cabinet and the Department of Regional NSW* and the Regional Youth Steering Committee has discussed government action to improve housing affordability and reduce homelessness for regional youth.

ORY has also consulted with the Regional Youth Taskforce and approximately 2,000 regional young people to inform the Regional Youth Insights Report which includes housing as a state-wide priority.

(b) I am in constant communication with my ministerial colleagues and often discuss where we can work together to better support our regional young people.

(c) I have met with the Federal Youth Minister Dr Anne Aly to discuss how the Commonwealth and State governments can work together to better support our regional young people.

**QUESTION**

Closing the gap

3. At the Budget Estimates hearing on 15 March 2022 the Minister said, “there is a ministry for regional youth because of the significant difference in everything from health issues to educational outcomes to employment opportunities between urban and regional youth”.

(Hansard page 19). How do you propose to close the gap in relation to:

(a) Health issues?

(b) Educational outcomes?

(c) Employment opportunities?

4. What actions are you taking, as Minister administering the Advocate for Children and Young People Act 2014 to close the gap in Western Sydney in relation to:

- (a) Health issues?
- (b) Educational outcomes?
- (c) Employment opportunities?

**ANSWER:**

3. Closing the gap between urban and regional youth is a long-term project that will require ongoing efforts across the NSW Government with different approaches across regional NSW to account for the different challenges and opportunities in each community.

The Office for Regional Youth works closely with other NSW government agencies, not for profit organisations, peak bodies, regional communities and also consults with the Regional Youth Taskforce to address the challenges facing regional youth.

In November 2021, the Office for Regional Youth commenced the 'Youth Community Coordinator Program' which has recruited 10 Youth Community Coordinators across each region of NSW to broker community-led solutions. The Youth Community Coordinators are supported by Project Officers to provide extensive support for regional young people and their communities.

The Regional Youth Action Plan committed the government to 45 programs to benefit regional youth across our four pillars of Work-ready, Wellbeing, Connectivity and Community.

Office for Regional Youth has implemented a range of flagship and pilot programs designed to address education, health, and employment outcomes.

The Children and Young People Wellbeing Recovery Initiative offers a range of grants (small grants of up to \$10,000 and large grants of between \$10,000 and \$50,000) to assist with wellbeing, recovery, and resilience for regional young people.

The Holiday Break program addresses geographical, financial and accessibility barriers that impact the ability of young people in regional NSW to enjoy recreational and social activities within their local communities. Holiday Break offers young people between the ages of 12-24 the opportunity to take part in free or heavily subsidised recreational activities such as sports, art, music and self-defence throughout school holiday periods across the year. The activities contribute to regional young people's wellbeing by offering improved social relationships between participants, increased creativity, imagination, and self-confidence as well as enhancing physical, social, cognitive and emotional strength and skills.

The Office for Regional Youth consulted with the 18 members of the Regional Youth Taskforce and approximately 2,000 young people across regional NSW and asked them what they needed from Government to improve education, employment and health outcomes. Feedback received informed the Regional Youth Insights Report which sets and identifies priorities for investment.

The 'Our Region, Our Voice' Regional Youth Investment Program will direct up to \$40 million in direct funding to Councils and non-government organisations to deliver programs informed by evidence-based strategies to improve education, employment, and health outcomes for regional young people.

4. As an independent Statutory Officer, administration of the *Advocate for Children and Young People Act 2014*, sets out clear instances where it would be appropriate for the Minister for Regional Youth, to direct the work of the Advocate.

The primary instance is to work 'in consultation' with the Advocate as they 'prepare, a 3-year strategic plan for children and young people in the State,' as per Part 3 Section 15 of their enabling legislation.

I launched the NSW Strategic Plan for Children and Young People 2022-2024 alongside Zoe Robinson, the Advocate for Children and Youth People. The launch was held on 1 April at the Julia Reserve Youth & Community Centre, Oran Park. Throughout the Plan, key focuses on health issues, education outcomes and employment opportunities can be seen across its core Commitment Areas, including: health and wellbeing, and hope for the future.

Throughout the Plan, key focuses on health issues, education outcomes and employment opportunities can be seen across its core Commitment Areas, including: health and wellbeing, and hope for the future.

In preparing this Plan, the Advocate was cognisant of the unique experiences and challenges faced by Aboriginal and Torres Strait Islander children and young people and includes work within the Plan to close the gap.

Details of the NSW Strategic Plan for Children and Young People 2022-2024 can be found at: [www.acyp.nsw.gov.au/strategic-plan-2022-2024](http://www.acyp.nsw.gov.au/strategic-plan-2022-2024)

The Holiday Break program delivers free or subsidised social and recreational opportunities for regional young people as part of the COVID-19 recovery strategy to support regional young people to reconnect and socialise after lockdowns.

65. (c) Destination NSW has partnered with Welcome to Country, an online marketplace for showcasing and booking Aboriginal and Torres Strait Islander visitor experiences since its launch in 2019.

Due to delays in implementation associated with COVID-19, Destination NSW first worked with Welcome to Country in October 2020 to deliver a campaign that showcased 13 NSW operators with 28 experiences across NSW.

In 2021, a partnership campaign was delivered to encourage locals and domestic visitors to book and participate in Aboriginal and Torres Strait Islander experiences in Sydney and NSW. Media channels included digital display, remarketing, social media and influencer content. This campaign showcased 14 NSW operators with 33 experiences across Sydney, Central Coast, South Coast, Pokolbin, Wollombi, Coffs Harbour, Scotts Head, Tweed Heads, Mullumbimby and Wagga Wagga.

Some of the featured operators also worked with the Destination NSW Product and Distribution Development team and completed the NSW First capability building program.

(a) If so, can funding be advised for the pre-COVID period

i. 2017/18

ii. 2018/19

iii. 2019/20

ANSWER:

Destination NSW has featured and promoted Western Sydney in marketing and promotion activity extensively between 2017 and 2021. This has been via direct marketing and promotional campaigns promoting Western Sydney, as well as within whole-of state marketing campaigns (e.g. featuring locations, events and experiences in Western Sydney).

Given the variety of activity and the complexity of separating out the Western Sydney portion of broader campaign activity, Destination NSW does not have exact marketing expenditure figures for Western Sydney.

Examples of marketing activities promoting Western Sydney from 2017 to 2021 with expenditure and results figures where applicable follow.

From 2017 to 2019, there were 17 partnership campaigns promoting western Sydney across domestic and international markets. These partnerships campaigns delivered over \$75 million in visitor expenditure.

Since 2017, a number of Greater Sydney campaigns have run both domestically and internationally, including the 'It's ON! In Sydney' campaign, 'Your Guide to Sydney in Summer' campaign and 'Love Every Second' campaign, all featuring Western Sydney in the communications and all driving to Sydney.com where there is a dedicated Western Sydney section with relevant content from the area promoted. This Western Sydney website content also serves to help drive awareness with visitors through organic and paid search.

A number of dedicated paid media campaigns have been developed for Western Sydney LGAs since 2017, including for Hawkesbury, Penrith and Blue Mountains.

Western Sydney destinations and experiences have played an important role in Destination NSW publicity activity, with these regularly featuring in a range of public relations activity including with the Destination NSW Media Centre and Uncovered inclusion, famils, story pitching and broadcast. Western Sydney has been among key destinations and experiences featured in high impact public relations campaigns such as 2020's 213 Ways to Reboot 2020 and Take a Sydney Playcay in 2020, as well as Destination NSW's Lockdown Media Mailer program in 2021. Western Sydney

has also received national and international profiling through Destination NSW broadcast activities such as via Channel Ten's Taste of Australia with Hayden Quinn – NSW edition in 2020, Taste of Australia with Hayden Quinn – Sydney edition in 2021 and weather cross segments on Australia's leading morning broadcast program, Weekend Sunrise.

In addition, Destination NSW maintains a 365-day program for lead generation for its consumer websites called 'Always On'. The 'Always On' program of digital marketing activity includes search engine optimisation, paid search, social media, native advertising and working to increase links via partners and publishers. As part of the 'Always On' program, Destination NSW promotes key destinations and experiences across Greater Sydney both domestically and internationally.

The "Always Open" campaign is structured to ensure all Sydney precincts are promoted throughout the year, with a large proportion of this investment focused on promoting Western Sydney experiences.
