Dear council

I am a mother of two twin boys who were wrongly taken from after I had given birth to them on the . FACS accused me of being aggressive during my pregnancy accusing my mother of alcoholism and telling lies and lies about me.

I was falsely accused of dropping my childrens heads and getting upset and stressed.my children are my world and I have felt like my life has being torn apart and no one seems to care.

FACS do this to young mums who are either disabled or mentally ill. What they do is destroy families by pulling away children from loving homes. This has got to be the lowest form of theft.

I just wanted to share my story.

Thanks
