Impact of the project

How have you been impacted by the light rail construction?

New Tunnel access hole being constructed at the moment the acoustic chamber is being constructed. This has created noise, road closures, more traffic and a lot more dust. This has impacted the use of my outside balconies/louvres/outside furniture needing to be cleaned more often so we can use them without getting dirty. Plus we have just had contractors paint the building and already the outside walls have dust laying in the paintwork.

What do you estimate the financial damage incurred to you / your business or home as a result of the light rail construction?

None as we don't have a cleaner we do the cleaning ourselves but are having to do it twice as often and we are in our 60s so it's very tiring and have suffered more aches and pains.

As a resident, have you been supplied with or offered noise mitigation equipment or double glazing for your property?

There is an acoustic building being built to help with noise

Can you demonstrate the financial impact of the light rail construction comparing revenue/expenses to 12 months prior to commencement of SLR construction?

N/A

Do you have evidence to support your claim (invoices/tax returns/profit & loss)?

N/A

Has your mental health been impacted as a result of the project?

No

Government assistance

Have you been rejected or outright refused assistance from TfNSW?

N/A

If you were rejected, please provide details of your experience including how you were treated by TfNSW.

If you are receiving rental assistance, how long did the process take to receive assistance?

General comments

Do you have any other comments you would like to make ?

I feel because of the inconvenience which is to go on for many years our area should be exempted from paying council rates or at the very least have them reduced.
