

**INQUIRY INTO IMPACT OF THE REGULATORY
FRAMEWORK FOR CANNABIS IN NEW SOUTH WALES**

Name: Mr Rodney Jenkins

Date Received: 16 May 2024

The social impacts of this change in the legal framework will reduce crime in the long term, it will improve the products, only currently available on the black market, and it will enable sellers consumers to make better choices through regulation and healthy choices campaigns. Economically, it will bring a large boost to the states business turnover, including safe employment, safe purchases, taxes, and a growing contribution to the NSW economy over the long term. While there will be challenges, this proposal would lead to a far better socioeconomic outcome for the people of NSW than they are currently experiencing in relation to this particular issue.
